

MENCÍA GONZÁLEZ-HABA BRAVO DE LAGUNA

AI Developer | Co-Founder @ Auria Technologies | Software Engineering
menciagh4@gmail.com | +34 679 820 288 | Madrid, Spain | [LinkedIn Profile](#)

PROFESSIONAL SUMMARY

AI Developer at Logixs and Co-Founder of Auria Technologies, with a solid background in Software Engineering (University of Europe for Applied Sciences, Potsdam). Over 1.5 years building GenAI and LLM-powered solutions in production environments. AWS Certified Solutions Architect (2026). Trilingual with an international academic profile across Spain, Germany, and the UK. Passionate about applied AI, product development, and building intelligent systems.

EXPERIENCE

Co-Founder — Product, Vision & Culture | Auria Technologies — Spain *2025 – Present*

- Co-founded an AI-focused technology company; co-designed and shipped GenAI products to production — LLM- and RAG-powered software, intelligent automation.
- Hands-on development in Python and JavaScript/React, deploying on self-hosted Linux/Docker infrastructure.
- Lead product strategy and technical roadmaps, translating client needs into specs tracked in Jira, while shaping company culture and ways of working.

AI Developer | Logixs — Madrid, Spain — Hybrid *Nov 2025 – Present*

- Lead development of GenAI and LLM-based solutions in production (Python, Azure, AWS).
- Design and implement intelligent automation pipelines and big data workflows.
- Collaborate cross-functionally using Jira and agile delivery practices.

Junior GenAI Developer | Logixs — Madrid, Spain *Jun 2025 – Nov 2025*

- Built and refined GenAI pipelines leveraging LLMs, prompt engineering, and RAG architectures.
- Worked with SQL, PostgreSQL and PowerBI for data extraction and reporting.
- Supported integration of AI features into internal and client-facing products.

Intern — GenAI, LLMs & Big Data | Logixs — Remote *Aug 2024 – Jan 2025*

- Gained practical exposure to large language models and big data tools in a real production environment.
- Used Microsoft Azure, SharePoint and PowerBI to support data-driven projects.

Frontend Developer Intern | 2Coders Studio — Las Palmas de Gran Canaria, Spain *Feb 2024 – Mar 2024*

- Built responsive web interfaces using React, HTML, CSS, and JavaScript.
- Contributed to UI/UX design workflows with Figma in an agile team setting.

EDUCATION

Bachelor of Software Engineering — University of Europe for Applied Sciences, Potsdam, Germany — Oct 2022 – Aug 2025

Bachillerato Tecnológico — Colegio Heidelberg, Las Palmas de Gran Canaria, Spain — 2020 – 2022
International academic background: Secondary school in Ludwigsburg, Germany (Friedrich-Schiller Gymnasium) and primary school in Horsham, UK (Farlington School).

TECHNICAL SKILLS

AI & Data: Gen AI / LLMs · Prompt Engineering · RAG · Big Data · SQL · PostgreSQL · VAPI

Cloud & Tools: AWS · Azure · Docker · Coolify · PowerBI · SharePoint · Excel · Jira

Development: Python · JavaScript · React · HTML / CSS · Figma · GitHub

Soft Skills: Problem Solving · Team Work · Product Thinking
